

“The Better Products People”

SKYBLUE SB-B

PRODUCT DESCRIPTION:

A glass cleaner and vinyl cleaner all in one is great. That is Roly International SKYBLUE SB-B. Most glass cleaners work well, but do not prevent fogging. SKYBLUE SB-B is unique in that it will prevent fogging of glass and plastics for a long time.

It is ideal for using on radar scopes, optical lenses, windows of aircraft, ships, cars and homes or offices. In addition, it is the best product to use on copy machines and CRT screens.

Not only does Roly SKYBLUE SB-B clean excellently, it prevents moisture accumulation for a long, long time.

As all of our other products, SKYBLUE SB-B is assured a factory sealed high quality product as it is developed and produced by our own modern manufacturing facility in Ventura, CA, USA.

Another excellent use of Roly SKYBLUE SB-B is pressure washing exterior of aircraft, especially landing gears. SKYBLUE SB-B is waterbase and does not contain any harmful solvents.

PRODUCT APPLICATION:

Simply apply a small amount of Roly SKYBLUE SB-B onto the surface to be cleaned and protected. Then wipe with a clean cloth or paper towel until dry. That is all.

For pressure washing simply replace your current solvent in the pressure washing machine with Roly SKYBLUE SB-B. It is available in 8 oz. pump bottles, gallon refills, 55 gallon drums and bulk.

Please refer to our brochures for detailed technical information as well as our other fine Roly International products or contact us for any questions you may have regarding our products.
